

September 1st 2010

Dear Customer,

Effective October 1st, 2010, DuPont Teijin Films will increase prices on Mylar® and Melinex® polyester grades manufactured in Europe.

Increases will be grade dependent. Your Account Manager will be contacting you directly regarding the specifics of the increase and to answer any questions you may have.

All invoices for deliveries on, or after, October 1st 2010 are subject to the price increase.

DuPont Teijin Films is implementing this increase and standardizing the terms of payment to support future growth and to regain re-investment economics needed to continue innovation and deliver the highest level of service expected by our customers.

DuPont Teijin Films values greatly your business and the relationship that we have developed over the years. We look forward to serving your future polyester film needs.

Sincerely,
