European Distributor Showcases DuPont Teijin Films

German packaging distributor Petroplast GmbH are exhibiting at this year's Intercool Exhibition the International trade fare for Frozen Food, Ice Cream and Technology. The exhibition is at the Messe Dusseldorf and runs from 28th September to 1st October.

DuPont Teijin Films are delighted that their German Distributor is showcasing some of the new innovations in food packaging whilst reassuring visiting audiences of their existing product range and the vital role they continue to play in the packaging industry.

Please visit Petroplast GmbH in Hall 7a, stand D13 at the Messe and ask about DuPont Teijin Films range of packaging films.

Additional Notes to the Editor:

DuPont Teijin Films

DuPont Teijin Films is the world's premier producer of PET and PEN polyester films and specialises in film products and related services for the speciality, industrial, packaging and advanced magnetic media and photo systems, electrical and electronics markets. The company has reported sales of \$1.4 billion and employs about 4,000 people with dedicated marketing, technical and manufacturing operations in every region of the world. Brand names include Mylar[®], Melinex[®], and Teijin[®] and Teton[®] PET polyester film, and Teonex[®] PEN polyester film. The business includes existing joint ventures with DuPont-Hongji Films Foshan Co., Ltd., in China.

As DuPont Teijin Films offers the broadest portfolio of polyester films of any supplier in the industry and has an unmatched technology platform to continue bringing the most innovative solutions to serve customer needs, it is uniquely positioned to meet the requirements of markets ranging from packaging to industrial, electronics and specialities.

Because DuPont Teijin Films seeks to grow and evolve in a way that justifies the trust of its shareholders, customers and the public at large, the highest priority is placed on safety and the preservation of our natural environment.

DuPont Teijin Films is a 50:50 joint venture between DuPont and Teijin Limited. DuPont is a science company. Founded in 1802, DuPont puts science to work by solving problems and creating solutions that make people's lives better, safer and easier. Operating in more than 70 countries, the company offers a wide range of products and services to markets including agriculture, nutrition, electronics, communications, safety and protection, home and construction, transportation and apparel. Teijin Limited is a major multinational enterprise offering fibres, chemicals and plastics, pharmaceuticals and medical products and diversified products. Teijin is using its proprietary technologies to expand into areas such as health-care products and services, advanced materials and information media.
